## Third ISS spacewalk by Expedition 3 crew to be televised

## Business Energy Solutions Expo to feature leading industry experts

### ▲ ISS Update:

The Expedition Three crew focuses this week on preparations for the Nov. 12 spacewalk by Commander Frank Culbertson and Pilot

Vladimir Dezhurov, the third conducted by the Expedition Three crew. Also, Culbertson, Dezhurov and Flight Engineer Mikhail Tyurin will continue to oversee and work with the Station's science operations. The spacewalk will be televised on NASA TV, Nov. 12, beginning 3:30 p.m.

▲ **Business Energy Solutions Expo** -- The *Association of Energy Engineers (AEE)* has teamed up with host *TECO Energy* to bring you the **2001 Business Energy Solutions Expo (BESE)**. This major conference and exposition will tackle today's most critical energy topics to help you effectively slash your energy costs, secure your energy supply, upgrade equipment, and improve your overall operations. The multi-track conference covers a variety of topics and give you the opportunity to hear first-hand from some of the major players in the energy field. The two-day event includes: A cutting-edge conference featuring presentations by leading industry experts; a line-up of six AEE-sponsored pre-conference seminars; and an extensive exposition where you can explore promising new technologies, compare energy supply options, and learn about innovative project implementation strategies, all under one roof.

The BESE will be held at the Walt Disney World Dolphin Hotel, 1500 EPCOT Resorts Blvd., in **Orlando, Nov.**

**28-29, 2001.** Register at AEE's Web site
